

**Medium sized Office Shredders with large sized performance.**

The **roto® S 500** series Office Shredders are quiet, powerful and fast machines, available in different versions to suit every medium to large sized office. This high capacity series is equipped with durable large 65 litre waste bins with dust-free PVC bags and mobile cabinets with casters so they can easily be moved to the shredding need. Offered in all the popular cut dimensions; designed to fit any application from high capacity strip cut to high security cross cut level 6 models.

The operation is very easy and fast: As soon as you present the paper – up to 45 sheets at one time – the shredder automatically starts to work. After the shredding process the machine will stop automatically. If overloaded the shredder will stop and reverse automatically, allowing easy clearing of any miss-feed. Internal intelligence monitors all shredder functions (bin full, door open, jam etc.).

**Cutting systems:**  
The cutters are made of special tempered steel and will readily accept small clips and staples guaranteed for 5 years. In addition this series is available in models that can destroy credit cards, floppy discs and CD's (except S 500 HS-5 / HS-6).

The series S 500 is available in the following models:  
• Strip Cut: S 500 CD / S 500 SC-1  
• Cross Cut: S 500 CC-3 / S 500 CC-4 / S 500 HS-5 / S 500 HS-6

- The highlights of the series S 500 are:
- Automatic On/Off control and reverse function
  - Different cutting type's incl. security levels 2 to 6
  - Multi media destruction capabilities like credit cards, floppy discs and CD/DVD's
  - Stable wooden cabinet with casters
  - Durable waste bins with easy dustproof emptying with changeable PVC bags
  - Large 65 litre waste bin capacity
  - Automatic Stop when the bin is full and/or when the door is opened
  - Exceptional price-performance ratio

**Accessories:**
