

PRODUCT INFORMATION.....

S 100

Great value shredders as low volume information destroyers in small offices.

roto®

S 100 Series

The cutters are made of special steel that is insensitive to staples and small clips.

Easy On/Off automatic control-function: just offer the paper to the machine and it starts. When shredded the machine automatically stops.

The models are supplied with a high quality, shock resistant plastic top and waste bin.

They are also available in Strip-Cut or Cross-Cut depending on your security requirements.
