

**roto office shredders S 400 SC-0 / SC-1 / SC-2 / CC-3 / CC-4 / HS-5** [www.roto-roto.de](http://www.roto-roto.de)

## The perfect shredder for small medium sized offices.

The **roto S 400 series Office Shredders** are **fast, quiet and powerful**. Despite their compact dimensions these shredders are equipped with a **large waste bin of 37 liters**. The cabinets are designed with casters allowing the shredder to be easily moved inside larger offices. The **S 400 series** is offered in both **strip and cross cut**.

### The operation is very easy:

As soon as you feed paper into the paper entry – up to 30 sheets per pass – the shredder starts automatically to work. After the shredding process is finished, the machine will stop automatically.

### Cutting system:

The cutters are made of **special tempered steel** and will readily accept small clips, staples and credit cards (except S 400 HS-5) **guaranteed for 5 years**.

### The series S 400 is available in the following models:

- S 400 SC-0 / S 400 SC-1 / S 400 SC-2: Strip Cut
- S 400 CC-3 / S 400 CC-4 / S 400 HS-5: Cross Cut

### The highlights of the series S 400 are:

- Automatic On/Off control
- Reverse function
- Different cutting types incl. security level 5
- Solid wooden cabinet with casters
- Durable waste bin with optional dust-free PVC bag
- Waste bin can also be used as receptacle for normal waste paper
- Automatic Stop when the bin is full and/or when the door is opened
- Exceptional price-performance ratio

### Accessories:

For **better shredding performance** of the **Cross Cut models** we recommend the use of our **special roto shredder lubricant**. We also supply the **appropriate PVC bags**.

All our machines are  
CE and cULus approved
